TRUSTEES' MEETING

CITY OFFICERS MAKE REPORTS
—HEAR SEVENTH ST. PRO-
TESTS—OTHER BUSINESS

The board of trustees met in regular session at the city hall at 8:05 p. m., September 7, 1916. All members present at roll call.

The minutes of the last regular meeting were read and a correction ordered to be made on Page 329 in reference to the Engineer's report, the statement contained in the minutes that the contract for Canada boulevard has been signed, was ordered to be erased. With this correction the minutes were approved.

The hearing of protests in regard to the assessment for the opening and widening of Seventh street was taken up. At this time Trustee Grist asked to be excused temporarily from participation in the meeting on account of his being interested in the subject as a property owner. His request was granted.

The clerk read the protest previously filed in regard to the assessment, and the board was addressed by Mr. Dupuy, who spoke upon the subject explaining the matter from his point of view. Messrs. McGillis, Ross and others expressed themselves in regard to the matter. Mr. McGillis suggesting that the entire proceedings be abandoned. Mr. Ross was in favor of going ahead with the improvements. On motion of Trustee Muhleman, the hearing was continued until eight o'clock p. m. September 14th next.

A communication was read from the State Board of Health requesting that the city send its health officer to a conference of State health officials to be held at Visalia, October 9th-14th next. The communication was ordered to be filed.

Applications for permits to hunt within the city limits were read from James W. Horne and James Jensen. On motion of Trustee Muhleman, the permits were granted subject to the usual requirement of obtaining permission from the property owners.

An application to run a jitney bus was read from Mr. H. E. Starkey, and having the approval of the city manager, the same was on motion of Trustee Grist granted.

A communication was read from the building inspector, making application for permit to build a brick garage on Brand boulevard, to be erected by Mattison B. Jones. The permit was ordered to be issued.

Monthly reports were received from the city clerk, building inspector, recorder and health officer, and ordered to be filed.

The city engineer reported that the attorney for the contractor on Canada boulevard desired a "correction" to be made in the minutes of the meeting of August 10th last and submitted resolution for adoption covering the same, which was on motion ordered to be read and when read was on motion of Trustee Grist, adopted.

The city engineer presented map of Tract No. 3131, which was on motion of Trustee Muhleman approved.

On motion, Resolution No. 924, "A resolution approving map of Tract No. 3131 and accepting on behalf of the public the avenues, streets, alleys, and public places shown thereon," was taken up for reading.

On motion of Trustee Grist, the same upon being read was adopted by unanimous vote.

The manager of the Public Service department presented specifications for pumps and materials required in the equipment of the pumping plant, which were on motion of Trustee Jackson ordered to be read, and when read were on motion of Trustee Grist adopted.

On motion of Trustee Grist, the clerk was authorized to advertise for bids in accordance with these specifications for the equipment proposed. On motion of Trustee Woodberry, the manager of the Public Service department was authorized to equip the steam pumping plant with appliances for the use of gas and to enter into a thirty day contract for gas at the rate of 15c per thousand.

The manager of the Public Service department reported in reference to the complaint of C. A. Rudel and others filed at the last regular meeting, that he had seen the representatives of the telephone companies and that it is probable that he would be able to secure the removal of the poles complained of.

On motion, Resolution No. 925, "A resolution of the board of trustees of the City of Glendale declaring that the public interest and necessity demand the acquisition of a certain municipal improvement, the cost of which will be too great to be paid out of the ordinary annual income and revenue of said city," was taken up for reading.

On motion of Trustee Grist, the

ADVENTISTS ON COAST

PACIFIC UNION CONFERENCE,
LARGEST FIELD, HAS HEAD-
QUARTERS IN GLENDALE

Headquarters of the Pacific Union conference of the Seventh-day Adventists were established in Glendale in August, 1914, having been moved here from Mountain View, Cal., that place being also the location of the Pacific Press Publishing Association, the Adventists' publishing plant for the Pacific Coast.

More than a quarter of a million dollars passed through the union conference office here last year, and was handled by Glendale bankers. The exact sum was \$273,693. The jurisdiction of this office extends throughout the States of California, Arizona, Nevada, Utah and Western Colorado, in which territory are eight local conferences, and a mission field. A few years ago the Adventists included the entire State of California in one local conference, but so rapidly has their work grown that they now have six local conferences in the State.

The Pacific Union Conference now is the largest union field of the Adventists in North America, having stepped into first place during the last six months. Before that time the Lake Union Conference, including Indiana, Illinois, Michigan and Wisconsin, was the largest. The membership in this field is now 12,362, having gained more than 400 new members during the summer months. During the three months ending July 1 this conference contributed tithes amounting to \$4.69 per capita, and offerings amounting to \$1.77 a member, or a total of \$6.46 per member.

Practically all the union conference officials have made their homes in Glendale. Elder E. E. Andross, president of the union field, moved to Glendale in 1914, when the office was removed here. Mr. Claude Conard, who has served the union field efficiently for two and a half years as secretary-treasurer and auditor, has just been succeeded by Mr. B. M. Emerson of Los Angeles, formerly secretary-treasurer of the Southern California Conference. Mr. Emerson moved to Glendale last week.

Mr. F. E. Painter, field missionary secretary for the union territory, bought a home in Tropic recently, and moved his family from Mountain View. He is in charge of the distribution of Adventist literature throughout the Pacific Coast south of the Oregon-California line. Mr. G. W. Reaser, field secretary for the four and a half States in this territory, has been a Glendale resident since the office was established here two years ago. Mr. Ernest Lloyd, missionary secretary for the Coast, came to Glendale from St. Helena this summer. Mr. and Mrs. James Howarth also are connected with the office as assistants to Mr. Emerson.

The Seventh-day Adventist denominational organization was perfected in the year 1863. Their views on many questions of doctrine do not differ particularly from many other Protestant denominations. Their distinguishing features, of course, are indicated by their name, for they keep the seventh day of the week, Saturday, for the Sabbath, and preach the literal, visible and personal coming of Christ as being near at hand. They do not, however, set any date for the event. With them Sabbath begins at sunset Friday evening and lasts until sunset Saturday, in harmony with the fourth commandment of Exodus 20, and other scriptures. Practically all other Christian bodies have accepted the first day of the week, or Sunday, from midnight to midnight, as their Sabbath.

The first Adventist camp meeting was held at Wright, Mich., September 1 to 7, 1868. Since that time the camp meeting has been an annual affair with these people. These important gatherings have grown to such an extent that over 300 camp meetings are held by the denomination each year, not only in America, but in all parts of the world. The design of these meetings is to keep the people in close touch with the work of the denomination. They result in the unification of the believers and their work, the re consecration and conversion of many, and also afford the opportunity to many who are unacquainted with their doctrines.

(Continued on Page 4)

same upon being read was adopted by unanimous vote.

The city attorney presented a written report in the matter of the "Torrans Land Law" setting forth the requirements of the law as far as the officials of the city are concerned, and submitting forms to be used in making the necessary reports. On motion, the report was ordered to be received and placed on file.

WILL INVESTIGATE LOBBY CHARGES

STATEMENT THAT CANADIANS WERE WORKING IN
WASHINGTON AGAINST BILL TO BE EXAMINED

(Special Service to Glendale Evening News)

WASHINGTON, D. C., Sept. 8.—There is much sore feeling on the part of Senator Chamberlain and others interested in the Chamberlain and Phelan amendments to the Revenue bill. It is openly stated that there was a strong Canadian lobby against these two measures and that the foreign influences there were strongly entrenched with Congressional support. Chamberlain said today that the elimination of the two defeated measures from the Revenue bill was carried out at the demand of the Canadian government.

WILSON WILL KEEP TROOPS AT BORDER

THERE WILL BE NO REMOVAL OF MILITIA OR REGU-
LARS WHILE CONFERENCE GOES ON

(Special Service to Glendale Evening News)

WASHINGTON, D. C., Sept. 8.—President Wilson has indicated that there will be no movement of militia or regulars from the Mexican border just at present. It is believed that as long as the joint commission which is endeavoring to settle the differences between Mexico and the United States is in session, it would be unwise to move any troops from the border.

ALLIES RENEW THEIR ATTACK ON SOMME

ENGLISH AND FRENCH FORCES GIVE GERMANS NO REST
NIGHT OR DAY

(Special Service to Glendale Evening News)

LONDON, Sept. 8.—This afternoon the Anglo-French attacks were renewed on a scale fully double that of last week. The artillery shelling of the German trenches has smashed everything to pieces and the infantry attacks are possible where a few months ago they would never have been dreamed of. It is stated that the Allies are planning to keep up a day and night bombardment of the German lines and thus wear out the weakening resistance of the Teutons.

GERMANS COUNT LOSSES OF ALLIES

TEUTON AUTHORITIES SAY ANGLO-FRENCH LOSSES IN
SOMME ATTACK NUMBER ONE MILLION

(Special Service to Glendale Evening News)

BERLIN, Sept. 8.—The Allies have lost 1,000,000 men during the past three months of the Somme attack, according to the calculations of some of the competent authorities here. This of course, includes killed, wounded and missing. The grand offensive of the French and British began with high hopes and seems not yet to have reached its height.

GERMANS IN FIERCE ATTACK ON SOMME

KAISER ORDERS TROOPS TO DIE AT THEIR POSTS RATHER
THAN YIELD

(Special Service to Glendale Evening News)

PARIS, Sept. 8.—Kaiser Wilhelm visited the German front at the Somme this week and issued orders to the men to die at their posts rather than yield to the enemy. He said the battle at the Somme was vitally important. Strong reinforcements have reached Gen. Von Buelow, who is one of Hindenburg's new appointments. The Germans, stirred up by the kaiser, made a fierce attack on the French positions, but were driven back with great loss, leaving 200 prisoners in the hands of the French.

CONGRESS ADJOURNS AFTER BUSY SESSION

LAST ACT WAS TO ADOPT EMASCULATED REVENUE BILL
WITH NO RETALIATORY MEASURES

(Special Service to Glendale Evening News)

WASHINGTON, D. C., Sept. 8.—The House adopted the conference report on the Revenue bill, after that measure had been emasculated by the elimination of the Chamberlain and Phelan amendments providing retaliation against blacklisting by the British. Mr. Chamberlain made a strong protest against the elimination of his measure. He stigmatized the changes made in the bill as shameful and humiliating. Immediately after the Revenue bill was passed congress adjourned.

BERLIN ADMITS LOSSES ON WEST FRONT

(Special Service to Glendale Evening News)

BERLIN, Sept. 8.—It was admitted here today that the French had succeeded in taking several German trenches in the neighborhood of Souville and had also reached some in the Verdun sector.

THIRD ANNIVERSARY GLENDALE EVENING NEWS

CELEBRATED WITH DINNER TO LOS ANGELES COUNTY EDITORIAL
ASSOCIATION—SPEECHES, SONG AND BAND CON-
CERT AT EVENING NEWS BUILDING

Large crowds assisted the Glendale Evening News to celebrate the third anniversary of its birth, by attending, Thursday evening, at the band concert given on the space west of the Evening News building, by the Glendale Municipal band, which varied the speeches of the members of the Los Angeles County Editorial association, who were guests of the proprietor of the Evening News, at a banquet in the Sanitarium previous to the evening's entertainment.

The banquet at the Sanitarium was managed in the usual good style and good taste of that institution. The main dining room was brilliantly lighted and the tables decorated with roses, cosmos and ferns. In the center of the dining table on a bed of flowers stood a small printing press, emblematic of the occasion. Thorp's orchestra supplied the music and kept the evening lively with up-to-date music.

Following is the menu of the banquet:

Iced Cantaloupe	Croutons
Vegetable Broth	Vegetarian Cutlets
Steamed Hubbard Squash	
Creamed Lima Beans	
Beets in Lemon	Mashed Potatoes
Russian Salad	Cottage Cheese
Celery Hearts	Olives
Ice Cream	Sponge Cake
Blanched Almonds	White Grapes
Fruit Nectar	Cereal Coffee

The following guests were present: L. O. Hatch, president of the Chamber of Commerce of Eagle Rock; W. L. Miller, secretary of the Chamber of Commerce of Eagle Rock and editor of the Eagle Rock Sentinel; C. E. Jones of Lancaster, retired newspaper editor; W. Le Favor, editor of the Advertiser, Watts; Cecil Wilcox, editor of the Laconic, of Lankershim; Miss Gibbs, editor of the Tropic Sentinel; Mr. Orlo Palmer of the Hollywood Citizen, Hollywood; G. B. Morgridge, Sierra Madre News; L. R. Morehouse, Huntington Park Signal, Huntington Park, Cal.; W. H. Green, Lordsburg Leader, Lordsburg, Cal.; Art Yeager, Sawtelle Tribune, Sawtelle, Cal.; W. R. Reece, Huntington Park; E. M. Boyd of the San Pedro Daily News, San Pedro; W. C. Miller of the Inter-type Agency; Fred H. French, vice president and manager of the Sierra Paper Company, Los Angeles; Judge Harlan Palmer, president of the Southern California Editorial association, and editor of the Hollywood Citizen; Dr. W. C. Mabry, president of the Tropic Chamber of Commerce; J. T. Bate, president of the Burbank Chamber of Commerce; Jay E. Randall, secretary of the Los Angeles County Editorial association; J. W. Usilton, president of the Glendale Chamber of Commerce; J. S. Thompson, Mayor of Glendale; Councilman F. L. Muhleman, Councilman G. B. Woodberry, Councilman Charles Grist and Councilman R. M. Jackson, all of Glendale Board of Trustees; C. L. Cox, John L. Losh, F. W. Kille, J. A. Corcoran, Robert Cowan, C. M. Van Dyke and J. A. St. Clair, all of the Glendale Evening News; City Manager T. W. Watson, H. B. Lynch, manager of the Public Service Department; E. M. Lynch, city engineer; J. C. Sherer, city clerk; Attorney Mattison B. Jones, city attorney pro tem of Glendale; Stephen C. Packer, Dr. Jessie Russell of the Los Angeles City club; Miss Squire of the Los Angeles Times; H. A. Stebbins, a prominent writer of advertising and publicity, at present resident at the Sanitarium.

A. T. Cowan, proprietor and publisher of the Glendale Evening News, occupied the chair and gave his guests a hearty welcome. He stated that he had paid a visit to Glendale four years ago and was so much pleased with what he saw of this place and thought so much of the opportunity here that he purchased the Glendale News, which was then a weekly, and before long had transformed it into a daily. That was three years ago and the paper was that night celebrating its third anniversary. In spite of the hard times of which people spoke so much the Glendale Evening News had survived those three years and was stronger now than when it started. It had needed work to keep the paper and the business up to the mark and during those three years he had never been absent from the office except for a few hours. He had endeavored to do business in a straightforward manner and had found the California people square and straightforward. He bade his guests a very hearty welcome on this occasion and expressed his pleasure at being able to meet with the members of the Southern California Editorial association.

Jay E. Randall, president of the Southern California Editorial association, expressed the pleasure the members of the association had in being present on the third anniversary of the Glendale Evening News, and thanked Mr. Cowan for his hospitality and his welcome. At the last meeting of the Association it had been agreed that they should have Dr. Jessie Russell address them on the School Board Election Laws and he therefore called on her to speak.

Dr. Jessie Russell said that she wished to place before them the necessity of amending the School Law. The proposed amendment would endeavor to deal with the weak points in the present law. At present there were many drawbacks in the law. There was no registration and no check on the voting. In some of the elections there were separate ballot boxes for the different school boards. In some instances transparent paper was used for the ballots.

These matters and their remedy had been discussed by herself and County Supt. of Schools Mark Keppel, who drafts most of the bills dealing with such subjects in Los Angeles County. Mr. Keppel and she arrived at the conclusion that it would be necessary to have election notices posted in conspicuous places. Hitherto in the country districts notices had been posted in obscure places. Registration must be made compulsory. Opportunity for registration ought to be given up to the close of May, so that the workers would have the Great register from which to get the names of registered voters.

After the dinner the company went to the office of the Glendale Evening News, where a platform had been erected for the Glendale Municipal band and speakers on the open space west of the office. The band opened the program by playing "The First Regiment March." A. S. Dudley, assistant secretary of the Los Angeles Chamber of Commerce, of 1207 Lomita, was called upon by A. T. Cowan, proprietor of the Evening News, to speak. He said that a newspaper, especially a daily newspaper, was a great asset for a community. It stood for progress. It was a sign of progress and deserved the support and encouragement of the community. The newspaper often had a hard struggle to live and needed the loyal and ungrudging assistance of everyone. They must realize that a newspaper like the Glendale Evening News was a credit to Glendale and one of the greatest publicity agents the city possessed. The Glendale Evening News did much to keep Glendale on the map and in the eyes of outside communities. It was sent far and wide and wherever it might go it could not fail to create the impression that Glendale must be a progressive city to have such a newspaper.

E. M. Boyd of the San Pedro News said that nothing could give him more pleasure than to see such a notable gathering of the friends of a newspaper. It was too often the case in small communities that whosoever two or three were gathered together it was for the purpose of knocking the newspaper. Here all seemed friends. That was a great matter and augured well for the future of the Evening News. He congratulated Mr. Cowan and Glendale on the third anniversary of the newspaper.

Judge Harlan Palmer, president of the Southern California Editorial association, said that it was greatly to the credit of Mr. Cowan that he should have steadily advanced in the production of his paper during the past three years. He was glad to see the large crowd that had assembled to do honor to this third anniversary of the paper.

W. R. Reece, of the Huntington Park Signal, said that he appreciated the reception they had been tendered in Glendale. The city might well be proud of a paper that went into 1000 homes every day, was progressive, judicious and always up-to-date.

Mr. Leo Goode of Cedar street sang a solo, for which he was loudly applauded and encored. Afterward the large gathering which completely filled the great open space west of the News office was invited to go through the offices and view the presses at work and the linotype machines setting matter. This invitation was responded to with enthusiasm and quite a reception was held in the office. The people seemed greatly pleased with the cordiality with which they were made welcome to see the mechanism which produces the paper they read every day.

GLENDALE, CALIFORNIA, FRIDAY, SEPTEMBER 8, 1916

CALIFORNIA AND ALASKA

There has always been a strong connection between California and Alaska. The contrast between the two countries is so great that Alaskans who have made money have usually come down to California to live. They are to be found scattered all over this State—loyal Californians but always with a strong feeling for the land of the Far North. It would seem that the connection between the two countries is growing deeper and stronger, since Seattle has ceased in a great degree to be the emporium of the Far North.

The competition between the two States—California and Washington—for the Alaska trade has always been keen. The trade is worth having. It is not only considerable in volume but it is also the case that the money was always ready to pay for it and there were few losses. Alaskans always desired to have everything of the best. The best of all the canned goods of the United States has always gone to Alaska. There the market is sure and certain and the merchants are ready to take their cash discounts.

All this has meant a great deal for Seattle, which was the gateway to the Far North. Lately, however, the trade center has been shifting to San Francisco and a very large volume of Alaskan money and of Alaskan travel has come to that great seaport of the Pacific coast. This has meant even a great deal more to California than the mere volume of trade or travel. It has meant settlers.

All over the State may be found people who made money in Alaska in the early days and have come to settle down here. Jack London, the novelist, in his interesting story, "The Valley of the Moon," has given a charming description of his own home in this charming State. Naturally people have been attracted and as a great many Alaskans read Jack London's stories a great many Alaskans have come to this State to see its wonders and having seen them have resolved to settle down.

This is a concrete example of how much a popular writer can do to advertise the charms and advantages of a state. Jack London's name is an asset, as witness how eagerly his "John Barleycorn" has been purchased, although its writer is not a Prohibitionist and has no intention of becoming one. In similar manner a great deal of what Jack London has written about California has attracted Alaskans, because they know about Jack London and believe that he is one who, barring a little literary exaggeration for effect's sake, generally tells the truth.

These Alaskans have answered London's call to the fruitful hillside of California. They are growing grapes and figs, hogs and guavas, corn and canteloupes and all manner of fruits and crops. Many of them are going into cotton growing. All the time they have a friendly eye to Alaska and every year sees more of their money invested in the lines that do business through San Francisco with the Far North.

Seattle will have to look to her laurels in this competitive field. It is not by any means an easy task to hold on to a market where the buyer asks no credit and is able to pay down ready money and so secure bottom prices for the best goods. San Francisco is apparently thankful as all California is for the volume of Alaskan travel and the volume of Alaskan patronage that is coming the way of California.

VALUE OF BOY SCOUT MOVEMENT

It is many years since the first boy scouts movement was inaugurated. In the form of the boys' brigade, the movement managed to enroll, something like 57,000 boys in a few years as members of an association that was military in its basic principles and gave the boys training in the simple virtues along with their setting up exercises and their hikes, rifle drill and inspections by high military officers.

That all this was valuable goes without saying. While there were 57,000 boys in the brigade in the year 1880 there were double that number in the years that followed and every year saw thousands of those boys sent into the army where the invariably made good. General Baden-Powell organized and helped along the boy scouts movement in England after having organized it. Baden-Powell is probably one of the finest natural and trained scouts in the world. It was he who investigated and made plans of many of the most important fortresses in Germany just before the war broke out.

This was the movement that spread to the United States and has taken so great a hold on the youthful imagination of the boys of this country. Military drill is the basis of this training. Then comes observation of natural objects, in order to train the senses. The boy scout gets a training that makes a man of him. It has often been observed that in many of the schools of the country, discipline is an unknown quantity. The introduction of drill means the introduction of obedience. "He who would rule must first learn to obey," says the old proverb.

But far beyond the discipline of military training, the boy scout is kind. He is taught to think of others and to act for them when they cannot act. He learns first aid for the wounded and a hundred other useful requirements. He learns kindness to animals. A boy scout never stones birds, nor shoots defenseless animals. They have learned that the birds are the farmers' and gardeners' friends and that far from destroying crops they destroy destructive grubs, caterpillars, insects and worms. In the stomachs of three of the accused birds killed were found 9000 weed seeds and not a seed of real value.

It has often been pointed out in these columns that whatever small toll the birds may take of the fruit, it is well earned. The boy scouts keep alive the sentiment that preserves these birds and prevents their cruel and useless slaughter. The sentiment of kindness to birds and animals is taught the scouts until it becomes instinctive even if it were not there before.

In Glendale may be seen the effects of the scouts' teaching in

DEATH OF FRED B. CLARK

Fred B. Clark, 50 years of age, passed away at 774 W. Broadway, Wednesday, September 6. Mr. Clark came to Glendale from McPherson, Kansas, two years ago, hoping that the climate would restore his health. He is survived by a wife and two daughters. The remains will be shipped to McPherson, Kansas. The arrangements are in charge of the Jewel Undertaking company.

No. 31951

NOTICE OF HEARING OF PETITION FOR PROBATE OF WILL

In the Superior Court of the State of California in and for the County of Los Angeles.

In the Matter of the Estate of Henry F. Holmes, Deceased.

the number of birdhouses that have been built for the use of the birds and the number of feeding troughs in the parks. These bird houses have saved the lives of many thousands of birds. In many places the scouts feed the birds in winter, when the snow prevents them from getting their natural food.

In this way and by attention to kindness and civility to old and young, the giving of aid to those who are temporarily in trouble and above all being truthful, polite and unselfish, the scouts have infused an element into human life that is tending to make it better and more easy for everyone and keeping alive the principles of humaneness, gentleness and helpfulness.

710 W. Bdw., Opp. Sanitarium

Personals

Mr. and Mrs. H. W. Yarick, 1447 W. Third street, left Thursday for a few days' stay at San Diego.

Mr. and Mrs. J. F. Preston, of 1414 Sycamore, and Miss Ethel Preston, returned this week from a three months' visit to Kansas.

Born to Mr. and Mrs. W. A. Campbell of Sycamore avenue, Glendale, Monday, September 4, 1916, a daughter.

Dr. W. R. Harmon and wife of La Canada were guests in the H. V. Adams home, 141 Elrose street, Glendale, Thursday.

Merle Eckles, son of Dr. Eckles, who was seriously injured in an automobile accident, near San Juan Capistrano, a few days ago, is progressing favorably. His ribs are apparently healing up readily.

Miss Alleen Shepherd of Compton has been a visitor for the past few days at the home of Miss Carol Willisford, 231 Orange street. Miss Carol and Miss Alleen are both to enter Pomona college, as freshmen, this fall.

Mr. and Mrs. Henry Fryer, of 1424 N. Pacific, with Mr. and Mrs. Robert Moore and mother Mrs. Wolfe, returned Wednesday evening from a motor trip to San Diego of three or four days. They went down by way of the coast route and returned by the inland road and found fairly good roads all the way. They were delighted to find the new highway completed this side of Elsinore. While in San Diego they saw many Glendale people, among whom were Mr. and Mrs. J. A. Cole and Mr. C. E. Damerell.

Mr. C. H. Mayo of Hollywood was a week-end guest at the home of Mr. and Mrs. J. H. Redmond, 450 W. Broadway. He returned home Tuesday.

Mr. and Mrs. Clark Spencer of Gardena, California, nephew and niece of H. V. Adams of 141 Elrose street, were guests in that home Thursday.

Miss Maud Soper, 1305 N. Maryland avenue, teacher in the Glendale High School, returned Monday morning from a trip through the East, where she visited in New York and Pennsylvania.

Edgar Irving Mills, son of the Rev. C. Irving Mills, D. D., rector of St. Mark's Episcopal church, arrived in Glendale Thursday morning from Salt Lake city. He was accompanied by his wife and son, Edgar Mills, Jr.

Miss Mary Dazies of Los Angeles, who will be a junior at Pomona Congregational college, during the coming session, was a guest at the home of Miss Carol Willisford, 231 Orange street, Wednesday, along with Miss Marian Lane, who was a classmate of Miss Carol at Los Angeles High school.

Miss Frances Jackson, teacher in the Intermediate school, returned this week from an enjoyable hunting and fishing trip. She was one of a party of nine. The party camped 80 miles north of Bishop, Inyo county, at Mammoth lake, the center of a group of 12 lakes. Later the party moved to Convict lake and pitched their tent at an altitude of 11,000 feet. Some rain fell during the time the party was there and quite a little snow was encountered in the high canyons. The fishing was excellent. Coming home the party motored through the Yosemite.

Mrs. Ella Richardson, of 805 S. Central avenue, went to Balboa beach Friday to be the week-end guest of Mrs. Stephen C. Packer, who is enjoying an outing at that place.

Mr. and Mrs. Pierre V. Potter, accompanied by Mr. and Mrs. Robert B. Moore of Los Angeles, motored to Santa Barbara, early Sunday morning, returning late Monday night after a most delightful trip.

Mr. and Mrs. R. L. Taylor of 1318 West Ninth street, accompanied by Mr. and Mrs. Hastings of 1215 West Ninth street, motored to San Diego and enjoyed the sights in and near the Southern city, returning home the first of this week.

Through error a statement was made in an advertisement for Buick Motor cars in Thursday's issue of the News in which it was stated that a Buick 6 had traveled 100,000 miles on a set of tires. This should have read 10,000 miles.

NOON LUNCHEON

Mrs. John Robert White, Jr., 101 So. Orange street, entertained with a luncheon Wednesday, September the seventh. Covers were laid for Mrs. Luther G. Brown, Miss Rosemary Button, Mrs. Arthur D. Cross, Mrs. Charles B. Guthrie, Mrs. Robert Lee McCourt and the hostess.

BURGLAR STEALS JEWELRY

While Mrs. Harding of 1411 W. Colorado was out of her house Monday, it was broken into by a burglar and a quantity of jewelry stolen from a trunk. Some gold coins valued at \$50 were taken, also 60 Buffalo nickels, a gold bracelet, with the letter "M" engraved on it, and a gold necklace with ruby setting.

WHEEL STOLEN

George T. Brewer, assistant clerk at the city hall, left his wheel at the front of the city hall, Monday, and while it remained there safely all day it was stolen during the time that he went to dinner, about 6 p. m. The wheel was a fine new Columbia, enameled black and of stylish appearance. It is supposed that some of the Los Angeles city criminal gang were out at the picnic at Eagle Rock and saw an opportunity to steal the wheel on their way home after their day's operations.

CAMPBELLS RETURN

Mr. and Mrs. Daniel Campbell and family and Mr. and Mrs. Arthur Campbell and family of Kenneth road have returned from an outing of several weeks spent at Balboa, where they enjoyed to the full all of the pleasures of that delightful resort. All are good swimmers and reveled in the quite waters of the bay as well as enjoying the surf which laps the beach just in front of La Florencia, their seaside home. They returned greatly refreshed to take up the duties of the coming season.

Mrs. Daniel Campbell announces that she will be at home to her friends the first Thursday of October, November and December.

THANKS FOR COURTESIES

The Glendale News is deeply indebted to many for congratulations and courtesies extended at the time of our Third Anniversary celebration. Exquisite bouquets of roses were presented by Mr. French, vice president and manager of the Sierra Paper company, Mrs. Ella W. Richardson and Mrs. Charles Shattuck;

Mr. R. M. Jackson, secretary of the Chamber of Commerce and city trustee, contributed a huge bowl of pink carnations while we are indebted to Kelley & McElroy Nursery for a beautiful potted fern. We deeply appreciate this thoughtfulness and extend thanks for these and the many courtesies extended.

GLENDALE SANITARIUM ARRIVALS

Arrivals at the Glendale Sanitarium this week included Cora L. Dudley, Mrs. Bertha Gray, William M. Moore, Frank Walker, D. C. Ferguson, Charles B. Kennedy, Mrs. W. J. Wetsell, Miss L. Gertrude King, all of Los Angeles.

Other patients included Miss Lucile Johnson of Tropic, Mrs. U. M. Finch, Porterville; Mrs. Elizabeth B. Kellogg and Mrs. D. J. Grant, Healdsburg; E. A. Moon, St. Helena, J. M. Gregerson and wife of Solvang, Cal., and Mrs. W. H. Shields of San Diego. Glendale, too, was represented by John A. Eppinger and Mrs. V. Moore. H. G. Lucas, principal of the San Fernando Academy, also spent a night at the sanitarium.

MONTEVISTA HEIGHTS

The rock work on Mr. Kluge's house is finished, ready for the carpenter and it will be ready in about two weeks for Mr. Kluge to move in.

SCHOOL OF DRESSMAKING

Anyone wishing to take a complete course in dressmaking and tailoring should enroll before Sept. 12, so that the classes may be formed. Call Glendale 892-W. 5tf

Roadster \$620 F. O. B. TOLEDO

Roadster \$620 F. O. B. TOLEDO

4 cylinder en bloc motor
3½" bore x 5" stroke
104-inch wheelbase
4-inch tires
Cantilever rear springs
Streamline body

Electric starter
Electric lights
Magnetic speedometer
Complete equipment
5-passenger Touring \$635
Roadster \$620

This Overland is the world's most powerful low-priced car.

It has a 31½ horsepower en bloc motor that is a perfect marvel for speed, power and endurance.

By increasing the bore of the motor from 3½ to 3¾ we are able to offer a power plant which at 1950 R. P. M. develops full 31½ horsepower.

Tests under every condition in all parts of the country dem-

onstrate that it easily develops better than fifty miles per hour on the road.

Speed of course varies under different conditions, but in practically every instance it has been getting fifty miles an hour and with ease.

We have scores of telegrams showing that twenty to twenty-five miles per gallon of gasoline is not unusual.

The performance of this car is almost beyond belief.

Take any other low-priced car on the market. Pit it against this new Overland. Compare them for sheer speed, for abundance of power, for riding comfort and economy, and you'll find this car will back anything else clean off the boards.

That's a strong statement, but a fact nevertheless.

Try it yourself and see.

Here are more important facts.

It has four-inch tires which are more than generous for a car of this size.

Not only has it a large and roomy body, but it has an attractive, up-to-date streamline body.

It has the latest and most improved system of ignition.

It has the cantilever springs—the easiest riding springs in the world.

What's more, it's complete. Not a thing to buy. You get the finest Auto-Lite electric starting and lighting system, magnetic speedometer, one-man top, demountable rims and practically every accessory found on the highest priced cars.

It only goes to prove how big production can cut cost and save you money.

First come, first served. Place your order now.

ADVENTISTS ON COAST

(Continued from Page One)

to learn the great principles upon
which the movement was founded,
and which are being presented to the
world at this time.

Since 1863, when the denomina-
tion was organized, it has almost
doubled every ten years, the growth
for the last ten years being from 168
conferences to over 250, the number
of laborers increasing from 3500 to
over 5000, and the communicants
from 87,000 to about 125,000. Dur-
ing the past year over 1000 mission-
aries, not including children, have
been sent by the Seventh-day Advent-
ists into active service in the mis-
sionary field. Between forty and
fifty sailed from San Francisco for
the Orient on the steamer China Aug-
ust 1. This is the largest company
yet sent out at one time. It would
have been somewhat larger, but
seven others were unable to obtain
bookings on this boat, all reserva-
tions being filled.

The work of the denomination is
thoroughly organized in its world-
wide activity. At the head is the
general conference, with headquar-
ters in Washington, D. C. This is sub-
divided into four divisional confer-
ences, the North American, South
American, European and Asiatic, the
African field being under the super-
vision of the Asiatic division. These
divisional conferences are divided into
union conferences, and they in
turn into local conferences. Each
division and subdivision is directed
by an executive committee, including
a president and secretary-treasurer.
There are in all twenty-five unions,
126 local conferences, and 101 mis-
sions under conference supervision.
The denomination supports 958 min-
isters, 572 licentiate, 1500 licensed
missionaries and more than 2000
colporteurs. There are almost 4000
churches. The communicants pay an
average of \$15.40 tithe annually, and
other funds and offerings amount to
enough to bring the per capita con-
tribution up to \$24.26 annually. The
organization also includes 168 insti-
tutions, educational, medical and
publishing, of which the Glendale
Sanitarium is one. The property
value, including churches, is over
\$14,000,000.

Seventh-day Adventists believe the
news of Christ's near return is to go
to all the world, and they have set
themselves to the task of taking it
to the nations of the earth. They
have entered over ninety countries
and are working in 126 languages.
They operate mission stations in ev-
ery country where a mission of any
Protestant denomination is main-
tained, and in seven where no other
has entered. They take literally the
gospel commission, "Go ye into all
the world and preach the gospel." This
is the reason for their liberal
support of this branch of their work.

MRS. W. F. KNOX SAYS THERE IS CONSTANT INQUIRY IN THE FAR EAST ABOUT THE PACIFIC COAST

Mr. and Mrs. W. F. Knox, 327 Bel-
mont street, and their little son,
returned this week from the middle
west where they have spent about
three months. Mr. Knox is a well-
known real estate man who is hand-
ling the famous Chowchilla acreage
in Madera county. "During the past
three months," said Mrs. Knox,
"there was very little to be done in
real estate so we determined to go
back to the Middle West and see
what conditions were there."

"We came from Ohio about four
years ago and have been quite con-
tent here; but hearing so much of
the prosperity of the Middle West
we thought we might as well go back
to see our old friends and witness
their prosperity. There is no doubt
about the prosperity of the Middle
West and East. Everybody has talk-
ed about it until people get tired
of hearing about it. What concerns
us as loyal Californians is that those
people in the prosperous sections are
talking about California."

"There seems little doubt that we
will begin ere long to witness an
exodus from the East and Middle
West to the California ranches. All
the people to whom we spoke in De-
troit, Youngstown, O.; Chicago or St.
Louis, had dreams of California
ranches, with corn standing seven
to eight feet high, full ears, trees
loaded with figs, cattle standing
breast deep in alfalfa and hogs with
skins like velvet from good feed-
ing."

"That is my husband's business.
He sells just such ranches and can
give proof of their productive pow-
ers. So we had many eager listen-
ers and many of them will come to
stay on the good acreage of Califor-
nia."

"Another part of our journey is
what cannot be duplicated any-
where in the Middle West or the
East—the Feather River canyon. I
had no idea there was anything so
wonderful to be found on our home
trip. We were coming back over the
Western Pacific, which passes
through the Feather River canyon.
The sights that greeted our won-
dering eyes were such as would be
sufficient of themselves to uphold
the reputation of the State as a
scenic country."

"The Feather River canyon is just
as wonderful as the Royal Gorge.
It is a river of marvelous rapids, gi-
gantic rock walls, tumbling cascades,
and mighty depths. Its picturesqueness
is too wonderful to be done jus-
tice to in such an article as this.
Those who have not seen the glories
of the river as it goes racing down to

its juncture with the Sacramento
have no idea how much Northern
California has to spare of water that
might easily make a thousand for-
tunes in Southern California.

"After all we agree with the peo-
ple of the Middle West that there
is no place like California and we
will be glad to welcome them and
sell them valuable ranches when
they make up their minds to come
out to the glories of the Golden
West."

"We saw many of our old friends
in Youngstown, Ohio, our old home,
but we felt certain before we had
been there a great time that we
would never like to leave California
for the Middle West. The rewards
of the great business done recently
in the war munitions in the Middle
West will ere long be distributed on
the California Coast."

MUTUAL BENEFIT CIRCLE

The Mutual Benefit Reading Cir-
cle for mothers of the Pacific ave-
nue school district, was held in the
home of Mrs. Ella W. Richardson,
805 S. Central avenue, Thursday af-
ternoon. There was a good attend-
ance. The circle occupied itself with
the reading of "Children's Rights"
by Kate Douglas Wiggin. The key-
note of the study was contained in
a sentence from the book: "What-
ever children read let us see that it
is good. A discriminative taste in
literature is not to be gained with-
out effort. Constant reading of the
little books spoils the appetite for
the great ones." The meetings of
the circle will continue to be held
in Mrs. Richardson's residence un-
til school reopens, after which they
will be held in the Pacific Avenue
school every Thursday, with the ex-
ception of the second Thursday, on
which day the Parent-Teacher asso-
ciation meets. Everybody is wel-
come.

BURBANK

Trustees' Meeting

Night sessions of the trustees of
the city of Burbank are now the cus-
tom. At Tuesday night's meeting,
the matter of reimbursing C. E. Sal-
isbury for legal services rendered the
Burbank Chamber of Commerce at
the time of annexing new territory
in the valley, was taken up for fur-
ther consideration. On motion of
Trustee Linn and seconded by Forbes
the bill of \$200 for Salisbury was
allowed and ordered paid from the
general fund.

Trustee Linn brought up the mat-
ter of placing a fire plug at the cor-
ner of Sixth street and Cedar ave-
nue. It was decided to take up the
matter at a later date with City En-
gineer Miller.

Contractor P. J. Farley brought
the matter of scraping and sanding
the floors of the new city hall build-
ing before the council for decision.
It was decided that all of the floors
be sanded and scraped.

C. C. Wright appeared before the
board with the request that water
mains be extended to his property.
He was referred to City Engineer
Miller. The report of the building
and plumbing inspector was accepted
and filed.

Demands aggregating \$3,000.92
were ordered paid by the board. Fol-
lowing are the bills:

CHICAGO

the most wonderful city in our Country, owes its magnifi-
cent success, commercially and otherwise, to the network of
railroads which run in and out of there.

A railroad Depot on the Southern Pacific Railroad locat-
ed at Broadway and San Fernando Road is the one big asset
that would give Glendale a foundation to a large and pros-
perous city.

If We Want this S. P. Depot

BY UNITED ACTION we can get it.

Patronize all Home Institutions and make a larger and
greater Glendale
